Finance  
February 1, 2000

**STIP AMENDMENT 98S-86 ACTION**

**ACTION UPDATE FROM JANUARY COMMISSION MEETING**

This item was taken for action to the January 2000 Commission meeting. The Commission deferred action on this amendment pending additional information.

**ACTION UPDATE FROM NOTICE**

This item was noticed at the December 1999 Commission meeting. The Department noted that another dedicated funding source exists for developing the call box system and withheld support from the amendment. The Commission requested that the Action Item be kept off the consent calendar to provide an opportunity for further discussion at the January Commission meeting.

**SUMMARY**

This amendment programs \$7,500,000 from Los Angeles County's Unprogrammed Share Balance to fund a freeway call box accessibility project that was negotiated as part of a recently settled freeway call box accessibility lawsuit.

**RECOMMENDATION**

The Department reviewed this amendment and found it to be consistent with the Commission adopted STIP Guidelines. The Los Angeles County Metropolitan Transportation Authority (LACMTA) requests approval of this amendment.

**RESOLUTION**

Resolved, that the California Transportation Commission (CTC) revise the 1998 State Transportation Improvement Program (STIP) at the end of the 30 day notice period as follows:

**Adds:**

<b>Project Information</b>								
County:	CT District:	PPNO:	EA:	Element:	Const Year:	PM Back	PM Ahead	Route/Corridor

**BACKGROUND**

This project programs \$7,500,000 from Los Angeles County's Unprogrammed Share Balance to fund a freeway call box accessibility project that was negotiated as part of a recently settled freeway call box accessibility lawsuit. The project will enable mobility impaired drivers to access the motorist aid call box system.
